

Dear Customer:

January 2010

Below are the new water rates for 2010, adopted by the Kearns Improvement District Board of Trustees in December. These rates reflect the continuing increases in the wholesale rates that we pay for water purchases and for sewer treatment, as well as the continuing need to replace aging infrastructure.

Check your bill every month (especially if you are on equal pay) to see if you are using an unusually large amount of water compared to last year. It is very possible that you have a leak somewhere in your system, that might not be visible, but is wasting large amounts of your water and your money. A running toilet, for instance, can waste thousands of gallons a month! Contact us if you have large increases in usage that you can't explain.

Residential Water Rates

Gallons Used Per Month

0-10,000	\$1.78/1,000 gals.
10,001-25,000	\$2.18/1,000 gals.
25,001-45,000	\$3.10/1,000 gals.
45,001 and over	\$4.64/1,000 gals.

Apartment and condominium rates are similar; contact KID offices if you have questions.

Fixed Monthly Charges (no change)

for 5/8" and 3/4" meters: (For meters over 3/4" contact KID offices.)

\$7.00 Basic Service Fee

\$2.00 for special water project fund

Residential Sewer Rates:

\$23.61 per month (Average; homes with less sewer will pay less; larger users will pay more; range will be roughly from \$21 to \$26)

New fee: Turn on/off fee for home sale inspection \$30.00.

You may pay your bills by mail, by internet, or by coming to the office. You may also pay over the phone by credit or debit card for a nominal fee. We encourage you to use payment methods which won't incur this extra fee.

These rates will be reflected on your February 2010 bill. If you have any questions or need further information, please call our customer service representatives at (801) 968-1011.

Commercial Water Rates:

Flat rate of \$2.08/1,000 gals.

Industrial Water Rates:

Flat rate of \$2.05/1,000 gals.

Irrigation Water Rates:

\$2.08/1,000 gallons

(If a "smart" controller is utilized, the irrigation rate is \$2.05/1,000 gallons)

Commercial & Multi-Family Sewer Rates:

\$8.18 for 10,000 gals.

\$1.83 per 1,000 gals. over 10,000 gals.
